Bryan Benson

Chief Executive Officer

Binance became a **fintech unicorn** in just one year. At Aurum, we take a more **conservative** approach, setting this **as our goal for the next three years.**

A web3 pioneer **with 27 years of experience**, Bryan has led initiatives in crypto, blockchain, and DeFi across global markets. He previously **served as Director of Latin America at Binance**, driving blockchain adoption in emerging regions.

At **Aurum**, he drives **strategic growth** and access to digital assets, shaping innovative, **scalable solutions.**

Ahmad Zen

Co-Founder & Marketing Director

“My goal at Aurum is to build a leading community of hundreds of thousands of people in the next three years and provide them with financial tools for true financial freedom.”

Ahmad Zen is an expert with over 15 years of experience in crypto and network marketing.

At AURUM, Ahmad leads brand development and audience growth, aligning digital marketing execution with long-term ecosystem positioning and sustainable growth strategies.

Shane Morand

Chief Network Development Officer

“Scalable growth comes from systems that empower people at scale.”

Shane Morand is a global business leader with decades of experience in network development and large-scale growth systems. He was part of the core team that scaled an international company from zero to \$1B in total sales in under five years, impacting 2.2 million families across more than 50 countries.

At AURUM, Shane focuses on network development, system scalability, and long-term ecosystem growth.

Leonardo Galindez

Chief Executive Officer AURUM Exchange

“Strong exchanges are defined by execution quality and regulatory resilience.”

Leonardo Galindez is an exchange founder with deep experience in regulated crypto and payment infrastructure. Former Binance strategic partner in South America, founder of Coincoinx, and leader of a major Bitcoin mining operation. He launched a Mastercard crypto program in Latin America, reaching 300,000+ users.

At AURUM, Leonardo leads AURUM Exchange, focused on institutional-grade execution and AI-driven infrastructure.

Ali Rizqi

Director of Strategy

“Every product should solve a problem, but the best products anticipate future needs. At Aurum, we are building solutions for the financial world of tomorrow.”

Ali Rizqi is a fintech and business development expert with over 6 years of experience across product strategy, market expansion, and digital financial solutions.

At AURUM, he shapes the product strategy, creating effective and innovative solutions that meet user needs and support the company's growth.

Nicholas Kelland

Head of Partnerships

“The future of Web3 depends on how well it connects to the real economy.”

Nicholas is a Web3 and fintech partnerships executive specializing in institutional relations and global business development. With 7+ years of experience, he builds scalable partnerships that connect Web3 innovation with established global infrastructure.

At AURUM, Nicholas leads the global partnerships strategy, focusing on high-impact institutional collaborations aligned with long-term ecosystem growth.

Brent Fulfer

VC Advisory

“Capital moves faster when trust, structure, and execution align.”

Brent is a venture and capital markets professional specializing in global fundraising, investor relations, and capital structuring across Web3 and fintech. He has raised \$110M+ globally and supported companies from Seed to Series C across multiple jurisdictions. At AURUM, Brent supports institutional fundraising strategy and capital markets advisory, aligned with long-term ecosystem scalability.

Tobias Bauer

VC Advisory

“Ecosystems scale through strong venture relationships and aligned execution.”

Tobias is a Web3 investor and venture partner with extensive experience across venture capital, M&A, and global startup ecosystems. He has been involved in funding, advising, and scaling 100+ startups through leading funds and accelerators backed by major industry players.

At AURUM, Tobias supports venture strategy and startup partnerships, aligning the ecosystem with top-tier global venture networks.
